

Insignia Technology Services Announces Sponsorship of Paralyzed Veterans of America (PVA) Mission: ABLE Awards

Newport News, VA., May 29, 2018 – Insignia Technology Services, LLC, a provider of information technology solutions and services to our Federal and Commercial customers, announces it will continue to be a proud sponsor of the event for the 3rd consecutive year. On September 25, 2018, various companies, sponsors, and military personnel will gather in Washington, DC, for the Paralyzed Veterans of America (PVA) Mission: ABLE Awards.

Paralyzed Veterans of America gathers friends, partners, supporters and veterans and their families at the Mission: ABLE Awards to honor those who have worked painstakingly to create an America where our veterans are able to access everything they need to live full and rewarding lives. The Mission: ABLE Awards recognizes those who have demonstrated extraordinary leadership and fought for expanded rights for the 22 million courageous veterans, 56.7 million people with disabilities, and 800,000 Americans living with a spinal cord injury or disease.
